*Dear Parents/Guardians*

*Assalam Alaykum Warahmatullahi:*

## **THE UNIQUE BREEDS**

Everything that rotates under the heaven does so anti-clockwise; but time is measured uniquely clockwise and all things are yet subject to time. Being different can be noble and laudable and it does not suggest negative isolation, rather it emphasizes the grace of being apart from the crowd.

In our drive to carve the best place for our pupils in the scheme of tomorrow, we have gone the extra lane to offer you this unique opportunity to make your children stand out from the crowd.

Our specially designed curriculum for Basic4 Special Class 2015/16—2017/18 session is meant to nurture a generation growing in secular knowledge while simultaneously committing to memory the noblest of speeches, the Quran. The special class will be nurtured over three years at the end of which the pupils would have memorized the entire Quran with at least 50 ahadith and normal academic classes with those in the regular class within the period covering B4 to B6.

Classes will hold morning and afternoon, Monday to Friday by 7:30am-5:00pm at AMS 133/135, Victoria Street, Ojota. And special holiday is applicable to this class which will be independent of regular holidays. The vacation period will be restricted to Ramadan and Eid-I-Kabir only. The tuition fee is equally different and payment is on monthly basis.

This special class will be the foundation class for the commencement of Ar-Rahman College by September 2018. Do avail your ward this rare opportunity to be part of the unique breeds. Participation is strictly by interest.
